At its April 4 meeting, the Board of Selectmen accepted with regret the resignation of George Fetko, Director of the Ellington Public Works Department. Also at that meeting, the Board authorized the First Selectman "to negotiate and execute an employment agreement for an Interim Director of Public Works with a qualified individual, with a starting date of April 10, until a permanent Director of Public Works is appointed".

On Monday, April 11, First Selectman Maurice Blanchette introduced that Interim Director, Peter Michaud, to the assembled members of the Public Works Department. Mr. Michaud is no stranger to that Department, which he headed for 30 plus years until his retirement in February 2009. The First Selectman warmly welcomes Mr. Michaud to cover the three or more months expected to find and install a new Director.
